

THIRD GRADE NEWS!

White's Week Peek Of The Week

Peek of the Week

Wednesday is our school mass at 8:30. We will also attend mass on Monday for All Souls Day. Please make sure to come in full dress uniform. As always parents are invited to sit with their children. This week our goal is to understand the parish and all the groups that make up the parish. We will do this with some classroom activities and read chapter 11. The test will be on Friday.

In Math we are beginning our multiplication facts. We will start having one minute timed tests for each factor starting next week. Please review facts with your child to help prepare them for these drills.

In Science we will begin chapter 3 on where plants and animals live and we will begin by defining the vocabulary words. In Social Studies we will continue with chapter 4 concerning celebrations of a community.

In English we are continuing with lesson 5 which involves pronouns. We will finish on Thursday with a review on Friday and a test on Monday of next week.

In Spelling our lesson is a review lesson which means rainbow spelling, body spelling, and a spelling bee on words previously learned.

In Reading we will begin the next story in our disaster unit, Patrick and the Great Molasses Explosion.
